

OPHTHALMOLOGY
ASSOCIATES
OF SAN ANTONIO

October 16, 2023

Dear Patients,

After more than 30 years of service to Ophthalmology Associates of San Antonio, as a Physician and Partner, Dr. Robert P. Green, Jr. is moving on to pursue other professional medical interests. We value his contributions to our organization and his dedication to patient care. We wish him every success with his future pursuits.

The doctors at Ophthalmology Associates of San Antonio are available for your eye care needs. We have several ophthalmologists, many of whom you may have already seen, who are happy to continue your eye care. For those of you with scheduled appointments, we will reach out to you to reschedule your appointment with one of our current physicians. You are also welcome to contact us to reschedule your appointment. For those of you without a future appointment, please call our office at 210-223-5561 to schedule one.

If you choose to seek medical care from another ophthalmology physician/group, you may contact your insurance company or the Bexar County Medical Society for ophthalmologists accepting new patients in your area. Your medical records are confidential, and a copy can be transferred to another doctor or released to you. If you choose a physician outside of Ophthalmology Associates of San Antonio, with your written authorization, we will transfer your records to your new doctor.

Sincerely,

The Physicians of Ophthalmology Associates of San Antonio
